WELCOME TO

Samaná

Beyond the doors of Sublime Samana lies a peninsula unlike anywhere else in the Dominican Republic.

Here, humpback whales breach just offshore, waterfalls hide deep in the rainforest, and entire beaches remain reachable only by boat or by trail.

Samaná rewards those who wander further: fishing villages, cacao groves, coral reefs just a few meters from the surface, and roads that end exactly where the jungle begins.

Here's a glimpse of what's waiting beyond our shores.
